

Date: 26-11-2019

RESOLUTION

It is resolved that the department of Computer Science unanimously decided, to conduct a 45 days certificate course in computer basics for the final year B.sc., MPCs students of this college. The course schedule will be from 2nd of December, 2019 to 15th of January, 2020. After successful completion of course an examination should be conducted in the Computer Science laboratory for both theory & practical and distribution of certificates to the students. The course description and objectives along with syllabus are attached to this copy.

Subject: Request for Permission to Conduct Certificate Course in Computers –
MS Office -Reg.

Respected Madam,

I trust this letter finds you well. I am writing to seek permission to conduct a certificate course in Computers with a focus on Microsoft Office. As technology plays an increasingly crucial role in various professional domains, we believe that offering a specialized course in MS Office will greatly benefit to our students.

Course Details

Course Name: Basics in Computers-MS Office

Duration: 45 Days (02.12.2019 to 15.01.2020)

Group: III MPCs

Course Content:

- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Basics of Internet Usage

We kindly request your approval for the proposed certificate course. We are more than willing to provide any additional information or address any concerns you may have. Your support in this endeavor is highly valued, and we believe it will significantly enhance the educational offerings at STSN GDC, Kadiri.

Thank you for considering our request. We look forward to your positive response.

Permitted

Course Description and objectives

Course Description:

The course introduces you to fundamental 'Computer Literacy' concepts. You will learn to use Windows 7 on the PC-compatible computers as well as MS Office 2013 which has the following applications: word processing program (MS Word), a spreadsheet program (MS Excel), a presentation program (MS PowerPoint) and Database (MS Access). Windows 7 will be used to illustrate operating system concepts and disk organization. This class is intended for students requiring 'hands-on' knowledge of computer applications. This class will be accepted as a prerequisite for all advanced applications classes listed under Computer Science and Computer Application.

Course Objectives:

- ✓ Give students an in-depth understanding of why computers are essential components in business, education and society.
- ✓ Introduce the fundamentals of computing devices and reinforce computer vocabulary, particularly with respect to personal use of computer hardware and software, the Internet, networking and mobile computing.
- ✓ Provide hands-on use of Microsoft Office 2013 applications Word, Excel, Access and PowerPoint. Completion of the assignments will result in MS Office applications knowledge and skills.
- ✓ Provide foundational or "computer literacy" curriculum that prepares students for life-long learning of computer concepts and skills.
- ✓ Completion of course fulfills pre-requisite to enroll in other computer science courses required for a certificate, or to qualify for high-demand employment.

Student learning outcome:

Upon completion of this course, the student will be able apply technical knowledge and perform specific technical skills, including:

- Describe the usage of computers and why computers are essential components in business and society.
- Utilize the Internet Web resources and evaluate on-line e-business system.
- Solve common business problems using appropriate Information Technology applications and systems.
- Identify categories of programs, system software and applications. Organize and work with files and folders.
- Describe various types of networks network standards and communication software.

SUMMARY OF THE CERTIFICATE COURSE

The Department of Political Science was started Certificate Course on 05th December 2019 with the duration of 30 days for 30 hours from 05th December 2019. To 05th January 2020, Dr. S. Smitha Principal of the STSN Govt. Degree College inaugurating the course and explain the importance of International Relations present scenario. The class was conducted from 4 PM to 5 PM in working days. The valedictory function was held on 08th January 2020, The Principal distributed course completion certificate and appreciated the faculty for successful completion of course. This course very useful for B.A students to know the basics of International Relations and its relation with other sciences and understanding the exploration, excavation methods and conservation techniques. 26 students completed the course and received the certificate course in International Relations for the Academic year 2019-20.

Outcomes:

International Relations

Course Objectives and Outcomes:

- Effectively apply reading, writing, critical thinking, and analytical skills to address significant issues in the natural and human world based on articulating one's identity in a global context.
- Evaluate and apply diverse perspectives to complex subjects within natural and human systems in the face of multiple and even conflicting positions (i.e. cultural, disciplinary, and ethical.)
- Describe the impact of international events and systems at the regional, national, and local levels in at least one major area of the world.
- Adapt and apply a deep understanding of multiple worldviews, experiences, and power structures while initiating meaningful interaction with other cultures to address significant global problems.
- Form the tools to take informed and responsible action to address ethical, social, and environmental challenges in global systems and evaluates the local and broader consequences of individual and collective interventions.

- Use deep knowledge of the historic and contemporary role and differential effects of human organizations and actions on global systems to develop and advocate for informed, appropriate action to solve complex problems in the human and natural worlds.
- Blend knowledge, skills, and analytical reasoning skills to implement sophisticated, appropriate, and workable solutions to address complex global problems at multiple levels from the workplace through the global sphere.
- Explore career paths in International Studies and International Affairs related fields at the bachelors level and hold entry-level skills for such positions; differentiate career paths in International Studies and International Affairs related fields at the graduate level.
- Demonstrate a basic command of one professional development area.
- Apply interdisciplinary and multidisciplinary approaches, including foreign language skills and international experience, to critical analysis of issues of international, comparative, and/or global significance.
